PROFESSIONAL SUMMARY

Results-driven engineer-turned-business professional with 3+ years of industry experience and an MSc in Management of Technology & Innovation (NUS). Proven track record in product management, go-to-market strategy, market research, and cross-functional team leadership. Skilled at bridging technical depth with business strategy — from conducting customer discovery and defining product roadmaps to executing plant shutdowns worth \$850K in cost savings. Passionate about technology commercialisation, digital innovation, and building scalable, data-informed solutions.

EXPERIENCE

Product Management Intern

Feb 2026 – Present

Purands · Singapore · On-site

- Drove end-to-end product roadmap development through structured market & competitor analysis, defining milestones, KPIs, and feature prioritisation aligned with business OKRs.
- Led feature testing cycles — identified UX gaps and bugs, translated findings into actionable developer briefs, accelerating product iteration speed.
- Designed and executed targeted email marketing campaigns aligned with product positioning, improving customer engagement and conversion funnel performance.
- Collaborated cross-functionally with engineering, design, and marketing teams to align product backlog with user needs and business strategy.
- Built and deployed interactive feature prototypes using AI-assisted development tools (OpenAI Codex, Claude) to validate product concepts, clarify feature logic for engineering teams, and reduce implementation ambiguity — accelerating the dev-to-production cycle.
- Redesigned and implemented the Purands website UI/UX using AI-assisted coding — applied design thinking to propose interface improvements across layout, visual hierarchy, and user flow, raising overall product polish and consistency.

Business Analyst – Work Simulation Project

Jan 2026 – Feb 2026

Talent Geist · Singapore · On-site

- Analysed user behaviour data and operational constraints to uncover adoption barriers and redesign the Pickup Point growth strategy.
- Designed integrated physical and behavioural interventions using human-centred design thinking, improving pickup convenience and reliability.
- Developed business case projecting 50%+ increase in pickup adoption while reducing last-mile logistics costs and strengthening peak-period performance.

Team Lead – R&D / Tech Entrepreneurship

Aug 2025 – Nov 2025

National University of Singapore · Project · On-site

- Led a cross-functional team of 6 through full customer discovery lifecycle — planned and conducted 20+ qualitative interviews to surface pain points and validate product-market fit.
- Executed primary and secondary market research, synthesised insights into a structured innovation brief identifying key business opportunities.
- Developed a 3-year go-to-market (GTM) roadmap with phased B2C and B2B entry strategies, partnership frameworks, and funding milestones.
- Modelled startup financials (P&L, unit economics, runway planning), aligning capital requirements with growth milestones for investor readiness.
- Designed a scalable, sustainable business model validated against competitive landscape and regulatory environment.

Mechanical Maintenance Engineer

Aug 2022 – Jul 2025

Reliance Industries Limited · Full-time · On-site

- Spearheaded maintenance coordination and shutdown planning across PVC, VCM, HDPE, and PTA-5/6 plants, managing multi-disciplinary teams of engineers and technicians.

- Delivered a major PVC turnaround and grade changeover shutdown generating \$850,000 in cost savings through rigorous project planning and cross-functional execution.
- Executed high-criticality maintenance activities (exchangers, tanks, vessels, column replacement) with zero safety incidents — full adherence to PTW protocols.
- Leveraged SAP PM/MM for end-to-end work management, material planning, and procurement, reducing unplanned downtime and improving asset reliability.

Business Development & Marketing Intern

Jun 2021 – Sep 2021

Stackby · Internship · On-site

- Developed social media content distribution and B2B growth strategies that resulted in 3 new client acquisitions.
- Managed lead generation pipeline, directory listings, and backlink management to improve organic reach and brand visibility.

EDUCATION

MSc, Management of Technology & Innovation (MOTI)

Aug 2025 – Dec 2026

National University of Singapore (NUS) · Singapore

- Modules: Management of Technology, Marketing of Tech Products in Digital Era, IP Management & Innovation Strategy, Venture Capital Funding, Technology-based Entrepreneurial Strategy, Tech Launch

BTech, Mechanical Engineering

Jul 2018 – May 2022

Sardar Vallabhbhai National Institute of Technology (NIT Surat) · India

- UG Research: D-optimal optimisation for Aluminium 6061-T6 sheets in SPIF process using Response Surface Methodology.
- Extra-curricular: E-Summit IIT-Bombay · MUN ECOSOC · Founded Eureka – a growth-hacking platform for startups.

SKILLS & TOOLS

Product & Strategy: Product Roadmapping, Backlog Management, OKRs/KPIs, Go-to-Market Strategy, Customer Discovery, A/B Testing, Product-Market Fit, Agile (Scrum/Kanban), Design Thinking, Prototype-Driven Development

Business & Analytics: Market Research, Competitive Analysis, Business Case Development, Unit Economics, Stakeholder Management, Strategic Planning, Data-Driven Decision Making

Technical & Tools: SAP PTW (PM/MM), Python (Basic), SQL (Basic), AI-Assisted Development (Codex, Claude), Rapid Prototyping, Figma, UI/UX Design, Prompt Engineering, Google Analytics, Facebook & Instagram Ads, Canva, Microsoft Office, CAD

Soft Skills: Cross-functional Leadership, Public Speaking, Needs Finding (Interviewing), Communication, Project Management

Certifications: Agile Fundamentals (Scrum/Kanban), Digital & Product Marketing, Foundation of Project Management (Google/Coursera)

Languages: English · Hindi · Gujarati (Native)

VOLUNTEERING & INTERESTS

- Managerial Committee – Mindbend TechFest, NIT Surat
- Anchor & Host – Kashish Fresher's Party, NIT Surat
- Interests: Startup Funding · Blockchain Technology · Venture Capital · Personal Growth · Emerging Tech
